The Honorable Ann H. Kobayashi, Chair
and Members of the Committee on Budget
Honolulu City Council
530 South King Street, Room 202
Honolulu, Hawaii 96813

Dear Chair Kobayashi and Councilmembers:

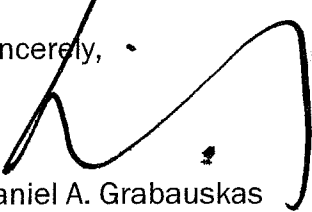

On December 11, 2014, the Honolulu Authority for Rapid Transportation (HART) provided the members of the Budget Committee with a list of local contractors working on the Honolulu Rail Transit Project and their related contract values.

While HART's prime contractors are not required under contract to list or provide subcontract values for its subcontractors, HART reached out to our prime contractors to obtain these values. Please see attached a supplemental report with updated numbers. As additional information is forwarded to HART, we will continue to update your Committee.

As previously submitted, attached are two reports: (1) a list of local prime contractors and their local subcontractors with related contract values; and (2) a list of non-local prime contractors and their local subcontractors with subcontractor dollar values/no values (N/V). Finally, please note corrections to prime contract and contract values as highlighted in these attachments.

Should you have any further questions, please do not hesitate to contact our office.

Sincerely,

Daniel A. Grabauskas
Executive Director and CEO
